

ANNUAL CONFLICT OF INTEREST DISCLOSURE STATEMENT

Health Intervention and Technology Assessment Program Foundation (HITAP)

HITAP has seriously concerned that every HITAP employee has an obligation to act in the best interests of the Thai society as a whole when performing his or her jobs. Outside financial interests and legal commitments should not be permitted to create conflicts of interest that interfere with that primary obligation. Such a conflict of interest exists if an employee has an external financial interest or fiduciary or other legal obligation that reasonably could be seen as creating an incentive for the individual to modify the conduct of his or her activities or to influence the conduct of others.

You have been asked to complete this form because, as a HITAP member, your job vests in your decision-making authority that could be compromised, actually or apparently, by your external financial interests or other institutional binding. You must declare interests that could (i) significantly impair your objectivity in carrying out your duties and responsibilities for HITAP, or (ii) create an unfair advantage for you or any person or organization; and which could result in your securing a direct and material gain through outcomes in a HITAP work. For the avoidance of doubt, circumstances that could lead a reasonable person to question your objectivity, or whether an unfair advantage has been created, constitute a potential conflict of interest and should be disclosed in this form. You must also declare relevant interests of your immediate family members (see definition below) and, if you are aware of it, relevant interests of other parties with whom you have substantial common interests and which may be perceived as unduly influencing your judgement (e.g. employer, close professional associates). This form seeks to identify any conflicts of interest of the sorts described below, and to ensure that they are formally reported to responsible persons and eliminated or appropriately managed.

Please answer the questions below and submit the completed form to HR officer of HITAP. You must complete one each year, and you must update this form if there are any significant changes in your outside interests or commitments or your position during the year. The information provided in these forms will be treated confidentially. If you have any questions about the form or about specific potential or actual conflicts of interest, please feel free to contact HR officer.

Answering "Yes" to a question on this form does not automatically disqualify you or limit your participation in a HITAP activity. Your answers will be reviewed by the Assistant Secretary General of the Foundation to determine whether you have a conflict of interest relevant to your responsibility at hand. The Assistant Secretary General of the Foundation may conclude that no potential conflict exists or that the interest is irrelevant or insignificant. If, however, a declared interest is determined to be potentially or clearly significant, one or more of the following three measures for managing the conflict of interest may be applied. The Assistant Secretary General of the

Foundation (i) allows full participation, with public disclosure of your interest; (ii) mandates partial exclusion (i.e., you will be excluded from that portion of the activity related to the declared interest and from the corresponding decision-making process); or (iii) mandates total exclusion (i.e., you will not be able to participate in any part of the meeting or work).

1. Conflicts of Interest

Please answer each of the questions below. If the answer to any of the questions is "yes", provide details (e.g. the details of the interest including the party that it applies to). If you do not have a listed relationship, check the appropriate "No" section. Please consider during the past two years to the foreseeable future. If in doubt about whether an interest should be disclosed, individuals are encouraged to disclose that information or seek further advice from HR officer.
